About Our Customer /

SINGAPORE ISLAND CONTRY CLUB

A respected and professionally managed Club, unequalled in Singapore with best-in-class golf courses, excellent facilities and service, where its gracious members enjoy warm camaraderie and are proud of the Club's status and heritage as the oldest and grandest golf and country club in Singapore.

Project Date / SEP 2017

THE SINGAPORE ISLAND COUNTRY CLUB

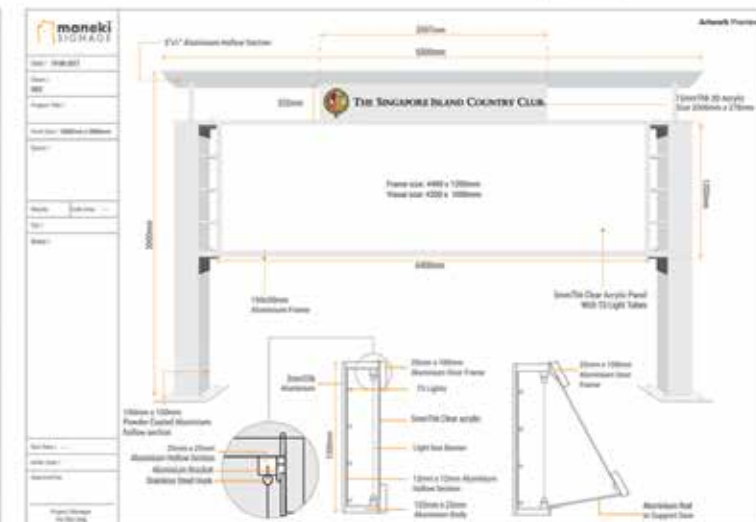

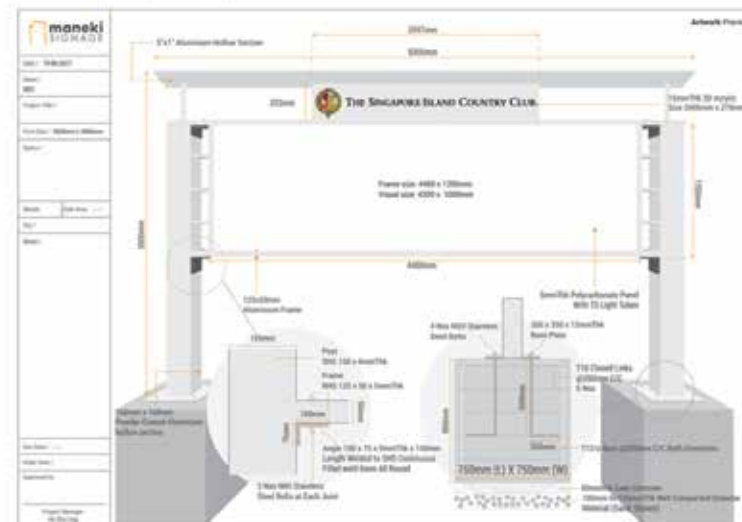

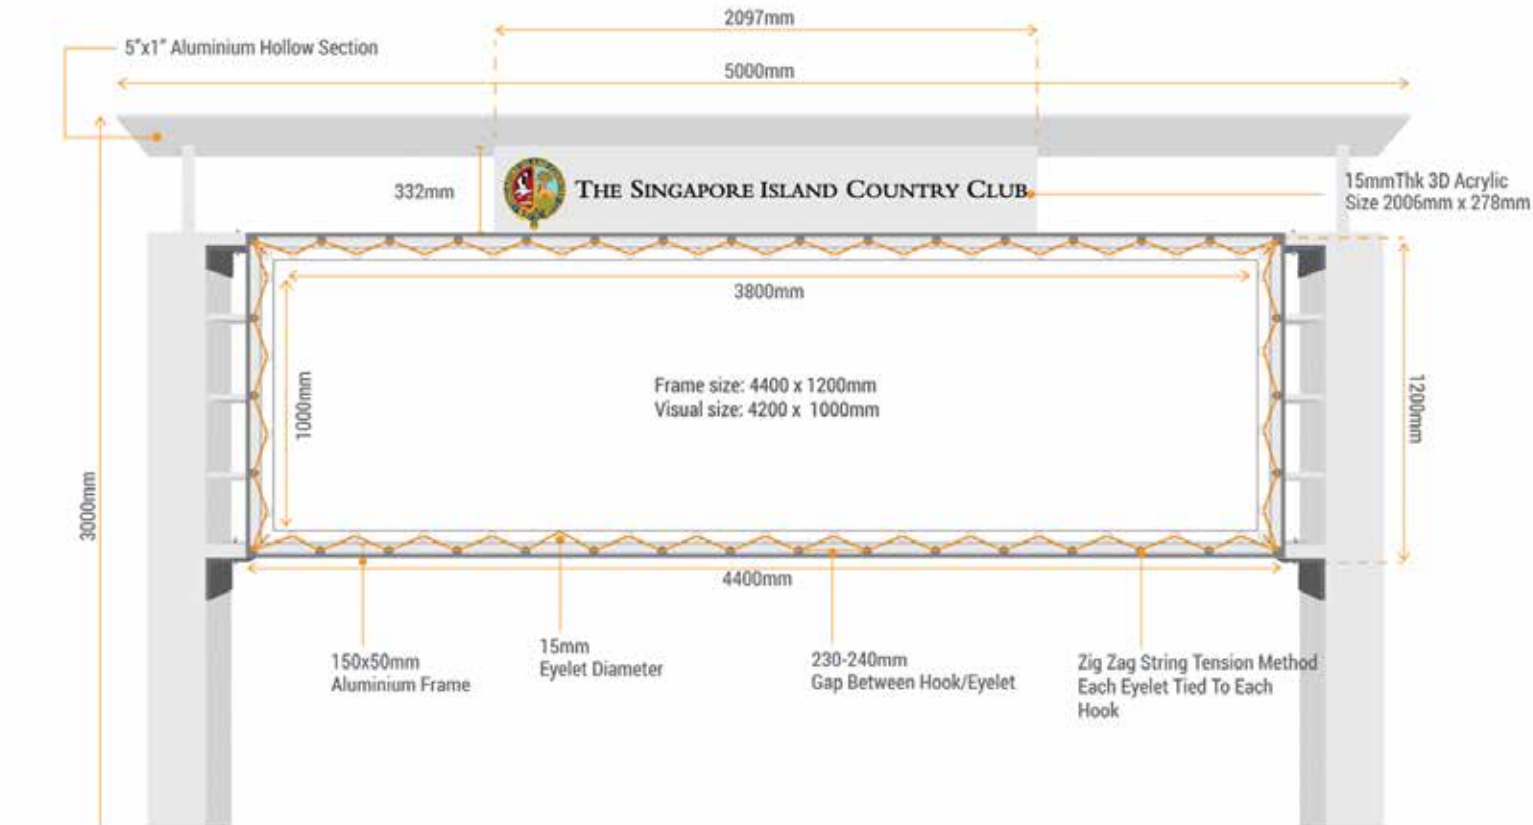

STUDY CASE

wedesign

Large, light, strong, and with an easily accessible and montly-updatable LED-lit display area that requires no more than 2 people to update the display. SICC's requirements were clear, concise, and gave us a perfect focus point for our creativity to center around.

We also worked closely with the Professional Engineer doing the sign's structural endorsement to guarantee a sign that meets all the safety considerations BCA outline for signs of this size.

As such we have no doubt our sign will last, giving our customer many years of service!

STUDY CASE

we**fabricate**

This sign received the full suite of our in-house talent to ensure the engineering, design, electronics and easily-accessible display area were exactly what our customer confirmed in our design proposal.

The sign frame was welded together out of thick-walled aluminium stock to give the best strength-to-weight ratio and ensure decades of rust-free use outside in the elements (and we certainly tasted those elements on installation day as we worked through the rain to get the sign up)

All stages of the sign's cutting, crafting, and welding was done in-house at our Singapore factories!

STUDY CASE

weinstall

To support the sign we dug holes for concrete footing to be poored and dry over a period of a week to ensure a a solid and stable base for the sign to stand on.

Updating the display takes no more than 2 people and 20 minutes to complete, allowing SICC to regularly and quickly make changes to the sign to inform visitors of any club activities, festive specials, or any other information SICC wishes to communicate to those entering the club grounds.

As such the sign fully complies with our customer's guidelines and wishes. Another project perfectly executed by Maneki Signage to the last detail!
